Announcement of an Examination

Hereby I announce the conducting of the following examination:

Stochastic Signals and Systems

Date: Thursday, February 23, 2023, start at 9:20 a. m., duration 90 minutes

Venue: HSZ/101/U

Authorized aids:

1. It is allowed to use the formulary of the lecture-script if there are no entries of one's own.
2. If necessary you can use a printed language dictionary (no electronic dictionary, no subject-specific dictionary).
3. All other aids including calculators, any means of communication, and computers etc. are not allowed.

Please note:

1. Solve every exercise on a separate sheet.
2. Fill in your data in the header section of the examination sheet.
3. Any means of communication (e. g. mobile phones) have to be switched off and must not be on the desk or in the pockets of your clothing.
4. During the examination you have to present your student-ID and an original passport with a photo.
5. Not registered students must not attend. Please have your printed online form ready.
6. During the examination, it is not allowed to leave the room until you hand in the exercises and your final solutions.

Prof. Dr.-Ing. R. Schaefer
